Dear Child Care Provider,

This letter is in regards to the October 25th, 2013 compliance check of your Level A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- ☐ 110.5(1)f Combustible materials are kept away from furnaces, stoves, gas dryers, or water heaters. (move three feet away from the furnace)
- ☐ 110.5(1)j Emergency and disaster plans for fire and tornado are written and posted by primary and secondary exits.
- ☐ 110.5(1)k Fire and tornado drills are practiced monthly and documentation kept.
- ☐ 110.5(1)n Each smoke detector is tested monthly, and a record is kept for inspection purposes.
- ☐ 110.5(1)p Children under the age of one year are placed on their backs for sleeping unless otherwise authorized in writing by a physician. (Infant should not be sleeping in the swing. Please talk with the mother regarding safe sleep.)
- ☐ 110.5(1)u The provider has written policies about caring for mildly ill children and the exclusion of children due to illness, and informs parents of policies.
- ☐ 110.5(1)v The provider has written policies about responding to health-related emergencies.
- ☐ 110.5(2)b During the first year of registration – 12 hours of approved training. At least six hours shall be in a group setting. Two of the twelve hours must be health and safety training. A specific training shall not be used to meet requirements more than one time every five years.
- ☐ 110.5(2)b During the second year of registration and each succeeding year, twelve hours of approved training. At least six hours shall be in a group setting. If the provider has documentation of completing the ChildNet, PITC, or Beyond Business Basics series, these hours may be used to fulfill two year's training requirements, not including first aid and mandatory reporter training. A specific training shall not be used to meet requirements more than one time every five years.
- ☐ 110.5(4) The certificate of registration is displayed in a conspicuous place.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☒ Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed. Child Care Resource and Referral will check your home for completion of your items out of compliance with the checklist. They can be reached at 319-233-0804

Please do not hesitate to contact me at DHS at 319-292-2419 if you have any questions regarding this letter.

Sincerely,
